

Corrigendum

SPENCER A. HILL

Program in Atmospheric and Oceanic Sciences, Princeton University, Princeton, New Jersey

YI MING AND ISAAC M. HELD

NOAA/Geophysical Fluid Dynamics Laboratory, Princeton, New Jersey

(Manuscript received and in final form 1 July 2016)

In the appendix of [Hill et al. \(2015\)](#), Eqs. (A1), (A2), and (A3) were written incorrectly. For (A1), the operator on the right-hand side should be subtraction, not addition. It should therefore read

$$[\bar{v}]_{\text{adj}} \equiv [\bar{v}]_+ - [\bar{v}]_- \frac{\{[\bar{v}]_+\}}{\{[\bar{v}]_-\}}. \quad (1)$$

For (A2) and (A3), a leading factor of $2\pi a \cos\phi$ is missing on the right-hand side. Therefore, (A2) should appear as

$$F_{\text{HC}}(\phi) = 2\pi a \cos\phi \int_{p_{\text{top}}}^{p_{\text{sc}}} [\bar{m}][\bar{v}]_{\text{adj}} dp/g, \quad (2)$$

and (A3) should appear as

$$F_{\text{st.edd.}}(\phi) = 2\pi a \cos\phi \int_{p_{\text{top}}}^{p_{\text{sc}}} [\bar{m}^* \bar{v}^*] dp/g. \quad (3)$$

The actual computations used the correct form of these equations, and therefore no results are affected.

Acknowledgments. A question from Hao Mingju of Tsinghua University led to the identification of the missing factor in (A2) and (A3) of [Hill et al. \(2015\)](#).
